Mr. John Norton Moore
School of Law
University of Virginia
Charlottesville, VA 22901

Dear John:

I wanted to express my deep appreciation for your letter of 4 June as Chairman of the Standing Committee on Law and National Security, to Representative Glenn English urging rescheduling of a mark-up for H.R. 5164. We are indeed at a critical point given the abbreviated legislative calendar for the remainder of this session.

I am pleased to report that, as a result of a recent meeting with staff of Representative English's Subcommittee, I am once again hopeful that the bill will be reported out of the Subcommittee, and then the full Government Operations Committee, in time for House passage and enactment yet this session. I cannot help but feel that letters such as yours do make an impact.

Thanks again for your continuing support in our efforts to achieve enactment of meaningful Freedom of Information Act relief legislation.

Sincerely,

STAT

Deputy Director, Office of Legislative Liaison
